

Clean Up Site Grading Scale

To help you determine which site is best suited for each household, all sites are given a grading scale for volunteer accessibility - the grading scale is below:

Grade A: On Land - Flat. Open. Suitable for all ages and with some limited mobility. On Water - Easy Float.

Grade B: On Land - Some Slopes. Some Brush. Recommended for ages nine and up. Complete mobility is suggested. On Water - Moderate float for those with some experience.

Grade C: On Land - Heavy trash. Heavy brush. Steep slopes. Complete mobility is needed. Recommended for ages 16 and up. On Water - Moderately Strenuous float for those who are experienced paddlers.

Grade D: On Land - Experienced volunteers only. Heavy lifting. Steep slopes. Heavy brush. May involve heavy equipment and power tools for the majority of trash removed. On Water - Strenuous float only for experienced paddlers and can respond to quickly changing conditions on the water.
